By Associated Press
PITTSBURG, Kan., Feb. 5.—Three unidentified men held up and robbed the passengers on an east-bound Missouri Pacific passenger train five miles east of here tonight. They were unmasked. About \$400 and a small amount of jewelry was taken. The robbers boarded the train on the outskirts of Pittsburg. They took seats in the chair car until the train was near Cornell, Kansas. There they jumped from their seats, backed Conductor Garrity into a corner, and drawing their revolvers warned him not to call for assistance. One robber then covered the passengers with two revolvers. "You will now prepare to give up your valuables, as my partner will pass among you. Please be quick," he said. NOTABLES ENTERTAINED AT GRIDIRON DINNER

By Associated Press
WASHINGTON, Feb. 5.—The Gridiron club gives two dinners each year and it fell out that the one given tonight at the New Willard was the silver dinner, marking the twenty-fifth anniversary of the foundation of the club. Wherefor there was a great gathering of notables, a president, cabinet officers, ambassadors, jurists, grave and reverend senators, frivolous representatives in congress, and a number of simple newspaper men gathered from many states of the Union. Each and all bore off a remembrance of the happy event in the shape of a souvenir silver ash receiver, crossed by the mystic Gridiron.

The fun started almost as soon as the guests were seated with a tangle over the inauguration of the new president of the club, Scott C. Bone, editor of the Washington Herald, for, entering untimely upon the scene, came El Presidente Zelaya, with his army, composed of half a dozen generals in Falstaffian uniforms, and one lone private. Zelaya, looking for a job, had picked out the presidency of the Gridiron club as suitable, and was ejected only by the threat that Secretary Knox was approaching. Scarcely had peace and quiet been restored when another interruption came, when to the strains of the Marseillaise, entered

There was an Under Secretary and a "Secretary of Near-sighted Affairs" and one of "Far Sighted Affairs" and there was a wonderful exhibition of "Shirt Sleeve diplomacy," resulting in the summary settlement of the Nicaraguan question and the Chinese railroad imbroglio and other matters that have engaged the attention of the diplomatic branch of the government of the past few months.

Shipwrecked Party Live for Month on the Alaskan Coast

By Associated Press
SEATTLE, Wash., Feb. 5.—The Alaska Steamship company's wooden steamer Barallon, which left Valdez, Alaska, on January 2nd, to land passengers at Iliamna, struck the black reef in Iliamna Bay, at the mouth of Cook inlet on January 5, during a snow storm, and became a total loss, but the smooth sea enabled all the passengers and crew of thirty-two persons to reach land safely. Clothing, bedding and supplies were taken ashore with plenty of fire wood and the shipwrecked party went into camp on the beach to await a rescue boat which arrived on February 3, when the steamer Victoria took the castaways aboard, and carried them to Valdez, and afterward sailed to Seattle with them. Five of the Barallon's crew are missing. They, becoming impatient at the non-arrival of the steamer, on January 6 second mate Gus Swanson and four sailors left the camp in a small boat for Kodiak on Kodiak island. Nothing has been heard from them since.

Five of the crew were standing by the wreck to account for the insurance. When the Victoria arrived at Iliamna Bay, the food of the castaways was almost exhausted. The chief suffering experienced by the shipwrecked crew and passengers was from the intense cold, the temperature for many days falling to 40 degrees below zero.
